Hurricane Season Is Here!

Be Prepared!

Stop by the Museum to get your free Flagler County Disaster Preparedness Guide. We are open 10 am - 4 pm seven days a week. While there, see our Storms, Damage and Debris wall of photos reflecting the havoc storms have played on Flagler Beach.

Come See Bessie's Finished Home.

Bessie's home is finally finished after the delays of Covid! Thanks to our partner, the Flagler County Tourism Development Office, for funding Bessie and to the Palm Coast Arts Foundation (PCAF) for launching the Turtle Trail sculpture project to be enjoyed by residents and visitors alike. These sculptures appear in many areas around the County promoting the sea life species known to our community. We hope it will attract and improve our visitors' experiences while enjoying Flagler Beach and the Historical Museum.

For a Turtle Trail brochure, visit the Museum or click here [Public Art in Palm Coast & The Flagler Beaches | Art Trails \(visitflagler.com\)](http://www.visitflagler.com).

The Flagler Beach Historical Museum general membership meeting is scheduled for Tuesday, July 12th, 5:30p.m in the City Hall Commission Chambers. The purpose of the meeting is to vote on a final approval of the amended Bylaws.
